

CALLING FOR CANDIDATES TO BE TRAINED AS SANAS TECHNICAL ASSESSORS

The South African National Accreditation System (SANAS) is continuing its drive to train and qualify additional Assessors in the scopes in which SANAS offers accreditation. This drive is in line with SANAS continued strategy to grow its assessor pool in order to provide a quality service to all of its clients, and to align the demographics of our assessors to that of our country.

Since the onset of the project on 1 April 2014 to increase our assessor numbers, SANAS's Technical Assessor pool grew from 153 to 339 in just over 4 years.

SANAS will continue to sensitise our stakeholders on the importance of active participation in accreditation matters by providing personnel to be trained as assessors by SANAS.

BENEFITS:

- Firstly, this has a spin-off advantage for the accredited body in the sense that the trainee will be more of an asset as he/she will be exposed to accreditation requirements that will in turn assist in maintaining the accreditation status of the facility;
- Secondly the trainee Assessor's exposure to various facilities will contribute towards personal growth of knowledge and experience; and
- Thirdly the employer (CAB) will be an active participant in the growth and improvement of their field in accreditation.

SANAS requests nominations for or applications from personnel with the appropriate qualifications, technical knowledge and experience, and preferably previously disadvantaged individuals (PDI's), in the following types of organisations:

TYPE OF ORGANISATION	SANAS CONTACT PERSON:
<ul style="list-style-type: none"> • Mechanical / Physical Testing Laboratories • Verification Laboratories (Legal Metrology) 	Mr Thabo Chesalokile Tel: (012) 740 8522 E-mail: thaboc@sanas.co.za
<ul style="list-style-type: none"> • Chemical / Microbiological Testing Laboratories • GLP / GCP Facilities 	Mr Shadrack Phophi Tel: (012) 740 8520 E-mail: shadrackp@sanas.co.za
