CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

It is understood that given the following factors, fixed quotations for the second and third year is not easily quoted:

- Exchange rate at anniversary
- Annually increase directed by Microsoft

- The Consumer Price Index (CPI)
- Consumption of licenses which may change annually

Therefore, bidders are required to provide the commission percentage for the 3 years. Contracting for year 2 and year 3 will be based on the Microsoft prices prevailing at the time (independent supporting document to be provided by the winning bidder at the time plus the fixed commission as reflected in the yellow blocks in the above table)

Step 1: Calculation of points for price

- Only bids that achieve the minimum qualifying score for functionality will be evaluated further in accordance with the 80/20 preference point system, as contemplated in the Preferential Procurement Policy Framework Act 5 of 2000. The formulae to be used in calculating points scored for price is as follows:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where

P_s = Points scored for comparative price of bid or offer under consideration

P_t = Comparative price of bid or offer under consideration

P_{\min} = Comparative price of lowest acceptable bid or offer.

- Points scored will be rounded off to the nearest 2 decimal places.

Step 2: Calculation of points for B-BBEE status level of contributor

Points will be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (80/20 system)
1	20

Non-compliant contributor	0
